Duffers Start League Play

**Notes:** With the weather turning great the first week of April, the Monday Night Duffers League was able to start earlier than in past years. With 22 teams this year and 21 weeks, every team will have a chance to show its skills versus every other team. Teams are separated into 2 divisions based on combined handicaps. At the end of the season, 6 teams from each Division will move to the playoffs; the top 2 from each half (10 weeks and 11 weeks) and the next 2 with the most overall points. Welcome back George Failing, Kyle Woodward, John Newkirk and Eric Speanburg. Welcome to the league, Mr. Bob Hunt. If anyone is interested in subbing, please contact the course and we will get you on the list. Subs play for free!!

**Week One Leaders:** Dan O'Rourke and Mike Marpe had a huge week, winning 15 points (out of 20) to jump to the top spot in the A Flight. They share that spot with Dave Jones and Nick Diotte. Nick and Dave took advantage of their opponent's struggles to take 14.5 points. Leon Rosko and Ed Powers remained undefeated on the season and hold the 3rd place in Flight A. In Flight B, Garth Duclos and Henry Rose hold a ½ point lead on 2 other teams. Rod Squires/Dean Becker and Ron Caron/Kyle Gardner have not lost this year and are tied for 2nd place in Flight B.

**Week One Results:** Playing from the tougher blues tees, no team broke par. Leon Rosko and Ed Powers both shot their handicap. They had 4 and 3 pars respectively. Dale Dearstyne had the low net for the night with his 32. Dale had 5 pars and a second-best score of 40. Peter Martin III was the only player to break 40. He shot 39 with 6 pars. Garth Duclos (4 pars) and Dave Putnam (1 par, 1 birdie) both had net scores of 33. Ron Caron, Rod Squires (birdie on hole 8), Darryl Lee (4 pars), and Kyle Woodward (2 pars) were also able to shoot below their handicaps with net scores of 34. Marsh Ogert had 2 birdies on the night. He birdied the tough hole #1 with a chip-in and sank a 20-foot putt on hole #8 for another birdie.

**Skins Update:** Last week, Kevin Weeden won the 1-week skin in Flight A with his birdie on hole #2. This week, Mike Marpe (Flight A, hole 8) and Marsh Ogert (Flight B, hole 1) are the only two players that have a chance to win a skin. At the beginning of the night, we roll the dice to see what hole the skin was on for the previous week. If you have the lowest score in your flight on that hole, you win the pot for your flight.

**Closest to the Pin Winners:** Hole 1 -> Keith Shannon 24ft 10in, Hole 3 -> Nick Diotte (2-time winner) 28ft 4in, Hole 9 -> no one
