

Tunnel to Towers Foundation Holds Capital Region Stair Climb

by Amy Modesti

Firefighters, police officers, military personnel, and elite runners ran up 809 steps to the top of the 42nd floor of Albany's Corning Tower Sunday morning, September 18. The sixth annual Tunnel to Towers Foundation Capital Region stair climb returned to the historic tower.

95 participants, including Gunny Claus, Rensselaer County Sheriff's Department, military personnel, and firefighters from Defreestville, West Crescent, Fort Edward, East Durham, Voorheesville, Halfmoon, and team Up We Go, took part in the challenge. Proceeds from event registration went toward the Tunnel to Towers Foundation. Glen Stanton of Another Goldstein presented directors, Keeran Shumway and Christine Nazarenus, with a \$25,000 check to T2T in a pre-event ceremony.

After six years as director, Shumway is leaving

the Capital Region for North Carolina where she will begin her own Tunnel to Towers chapter in Winston-Salem. Taking over for Shumway will be Nazarenus. Nazarenus presented Shumway with the National Run, Walk and Climb Series Follow the Footsteps award for her exemplary service to her country, Tunnel to Towers, and following the footsteps of Stephen Siller in the community.

Shumway is an air force veteran, a military mother to two sons serving in the Air National Guard, remains active with the Blue & Gold Star Mothers, and the Red Knights. Her father was in the military, and she traveled around the world to places such as Hawaii and Australia. In addition to serving as Director for six years, Shumway has taken part in the 5K run in New York City since 2016.

The Walter A. Wood Tractor and Agriculture Show is coming **Saturday, October 1, from 9 am to 4 pm** at Walter A. Wood Memorial Park. Antique and vintage tractors, horse-drawn farm equipment, implements, and contemporary machinery will be on display.

The Walter A. Wood Reaping and Mowing Company manufactured horse-drawn farm equipment right here in our Village from 1865 to 1924, and sold machinery to farmers in Hoosick and as far away as the Middle East and Russia. It was Wood's company that made Hoosick Falls a boomtown in the 19th century.

The highlight of the day will be at noon, with the Burton Luke Tractor Parade, which will see tractors and farm equipment wind around Village streets led by the whistle from the Walter A.

BRUNSWICK

A Sidewalk to Nowhere

by Doug La Rocque

Prior to the Thursday, September 15 Brunswick Planning Board meeting, a public hearing was held on Paulsen Development's plan to build a two-story medical building at 112 McChesney Avenue (adjacent to the side entrance to Market 32).

The two main points raised at the hearing were the size of the complex and pedestrian traffic. Ortho NY is the proposed tenant, and one speaker asked if the Brunswick complex would rival the Ortho NY facility on Everett Road in Colonie. The answer was no—in fact it would only be about one fifth of the size. The second issue is whether there would be a sidewalk in front of the building. The developer stated they were not opposed to a sidewalk, but asked if other portions of the road would have sidewalks installed as well. They contest a sidewalk just in front of their building, with no connections on either end, would really be a sidewalk to nowhere and were opposed to such. The also asked if such a sidewalk would actually be on private land, which could make them liable for any injuries. If so, they were again in opposition.

The land adjacent to the Market 32 side entrance on McChesney Avenue, where a two-story medical office and ambulatory surgical center will be erected if approved by the Planning Board. Photo by Doug La Rocque.

The answer apparently is determined by whether McChesney Avenue is truly a County owned road with a right of way, or simply a user road maintained by the County. The answer to that question was not immediately available.

The Planners also discussed a pedestrian walkway from the rear entrance to Walmart out to Hoosick Road (NY Rt. 7). These talks ranged from a full sidewalk to enlarging the roadside. Board Chair Russ Oster made it clear whatever the outcome, Paulsen would only be on the hook for the land in front of their building, not the entire roadway.

Oops, Wrong One

Atlas Renewables (North Troy Solar) was at the meeting hoping to complete their State Environmental Quality Review Act (SEQRA) paperwork, but ran into a logistical hitch. Atlas' first site plan was to place their solar array on top of the old Troy Incinerator site on Oakwood Avenue. That plan was shot down by the NYS Department of Environmental conservation, and Atlas thusly filed a new plan using adjacent land. The first site plan was never withdrawn however, and the SEQRA Lead Agency request paperwork was sent out using the first site's coordinates. Thusly, when the error was discovered, the SEQRA request was deemed to be faulty. A second request using the correct site has been sent out with the possibility the Board might be able to conduct its SEQRA review at their October 6 meeting.

GRAFTON

Town Board Highlights

by Chris Teragliafera

The Board received an estimate from ESCO, for \$3,850, for replacing the air conditioner at the Senior Center.

Due the procurement policy one more estimate will need to be received before approval of who will do the repair work is decided. However the Board did approve the repairs for a dollar amount equal to the estimate, so if another comes in at a lower price it can be considered and potentially accepted.

The Friends of Dyken Pond requested, and were approved, to hold their annual dinner at the Grafton Senior Center on October 20.

Ethics Board member Alex Bassey has resigned, effective July 30.

The meeting was adjourned in loving memory of Peter Goebel and Queen Elizabeth II.

DAISY Award Winner

Submitted by SVMC

Amanda Crossman, RN, a nurse in the Emergency Department (ED) at Southwestern Vermont Medical Center (SVMC), was the July recipient of the DAISY Award for Extraordinary Nurses at Southwestern Vermont Health Care (SVHC).

Crossman's nominator came in with a fist sized abscess on their jaw. While the entire team, including the people escorting the patient to the Emergency Department, the registration staff, and the doctor, was fantastic, Crossman was a standout.

Crossman received an associate in nursing from Vermont Tech in 2016 and started at SVMC as an RN in the Emergency Department that same year. She went on to receive her bachelor's degree from Southern Vermont College and Castleton University in 2020. In addition, she is a radiologic technologist and works in the imaging department of Rutland Regional Medical Center and at the Carlos Otis Clinic on Stratton Mountain. She is a certified emergency nurse by the Board of

EAST NASSAU

Board of Trustees Highlights

by Denise Wright

The September 14 meeting of the East Nassau Board of Trustees ran a little long this month to make up for not having a meeting during August.

The meeting began with a continuation of the public hearing on a Laier Minor Subdivision. The application is for a 2-lot subdivision of approximately 16.36 acres. One lot will be 5.06 acres, and the other will be around 11.30 acres. According to the surveyor, there is no construction on either lot, and the stream will be the boundary. There was some discussion about if the property was in a flood plain, but it ultimately was decided that this was a straightforward subdivision. The Board approved being a lead agency of this unlisted action after reviewing the SEQRA process.

After the hearing, the Board opened their meeting with the review and approval of the July/August bills/treasurer's and July secretary reports. Historian and Trustee Tom Kernan talked about the process for the 7th annual cookie contest, which is scheduled at the Hoags Corner Firehouse on **Sunday, November 13, at 1 pm**. Presently, he is in the process of securing judges and getting items for the chance and silent auctions. During the competition, there was some discussion about having a naming contest for the

new Village park, but it has not been finalized yet. If anyone has things they would like to donate for the auctions, please email Kernan at thomas.kernan@villageofeastnassau.org.

The Climate Smart Committee report began with the passing of the Solar Resolution, which is one of the Village's final hurdles in completing its goals. This resolution was finalizing inspection fees and refining the process for installing rooftop and ground solar units in the Village. The Trustees reviewed the resolution and approved it. The Board of Trustees reviewed the Flood Preparedness Guide, but the Board discussed the topic of emergency parking for vehicles, boats, and RVs heavily. While they hope to have the guide finished so the Village can mail it at the end of the year, some Board members felt that this area needed to be refined before it can be approved and tabled the topic until October. The Committee has been finishing up gardens at the firehouse and has decided to drop the goal of having an EV charging station due to technology changing too rapidly.

The Building Department reported a new permit has been submitted for the demolition of a home on Webster Hill Road and is working on complaints

that have been received for homes on State Route 66 and Dunham Hollow Road. The Highway Department has completed blacktop patching but is exploring purchasing speed humps for Hayes Road. There have been numerous complaints from Hayes Road residents about speeders going to the Community Forest. There were some questions about the liability and durability of the humps, so that Michael Dorr will continue some more investigation.

Items added to the agenda also involved traffic-related issues on Tayer Road and Garfield Road. The Board is still reviewing how to eliminate some of the tight matters in this area. There was some conversation about the feasibility of shifting stop signs in that area, but the Board did not decide. Dunham Hollow Road was also an intense topic of discussion. First, on the road, there is a widow maker tree hanging over the road, and Michael Dorr will call the County to see if they can remove it. The second item revolved around the collapsing hillside. Mayor Acquario has contacted the County to see if they can do something. The County has said it will be a significant project needing studies and potentially rerouting the road with a hefty price tag. The Board felt that more discussion would be coming on this topic.

McGovern Volleyball Tournament a Huge Success

On Saturday, September 10, the Sand Bar in Hoosick Falls hosted the 23rd annual McGovern Fund Volleyball Tournament. The event raises money for the Karen & Molly McGovern Fund which helps community members experiencing life threatening challenges. In the past twelve months the fund has distributed over \$29,000 to 76 families living in the Hoosick Falls and surrounding areas.

This year the volleyball tournament raised over \$22,000 through volleyball registrations, spectators, 50/50 raffle, and one of the largest Chinese auctions around. The community support that we receive each year for this event is amazing. It was a beautiful day to celebrate this year's recipients. viduals or families within the community who have faced or are living with life-threatening illnesses. The honorees this year were Jeff Babson and Bob Caraway. Both experienced long and perilous journeys while waiting to receive organ transplants, and shared the same qualities Karen McGovern herself personified throughout her battle with cancer, including courage, perseverance, and graciousness.

If you would like to support the fund and make a donation in honor of Karen McGovern, Jeff Babson, Bob Caraway, or a loved one, please make donations payable to Rural Rensselaer County Council for Health and Human Services (RRCCHHS) and mail to P.O. RENSSELAER COUNTY LEGISLATURE

August Meeting Highlights

Submitted by Rensselaer County Legislature
Office of the Minority

Health

In order to maintain in person learning and support prevention strategies and curtail the spread of COVID-19 at all Rensselaer County schools, the Legislature unanimously approved the purchase of 116 air purifiers, additional test kits, and to continue funding for part-time testing coordinators. This purchase is 100% grant funded.

Schools

As school safety continues to be a public concern to all, the Berlin and Brunswick Central School Districts have signed a three-year inter-municipal agreement with the County's Sheriff Department to have School Resource Officers present at their respective schools. These agreements are dependent on the approval of the school district budgets and will not impact the County fiscal budget.

Mental Health

The Legislature also unanimously approved a one-time financial award from *Continued on page 19*

Our rural ambulance situation is indeed broken. I am saddened by Janet Spitz's reply to my harrowing personal account of a 30-minute wait for an ambulance, while she defines our volunteer ambulance situation as a "well-functioning one." Instead of off-the-wall personal attacks on me she could have used her bully pulpit to address the problems we and other rural towns face.

My recent letter was not to suggest solutions, nor to disparage in any way our local heroes that are stepping up to volunteer for a difficult task, but rather to amplify with a personal account the excellent 2-part series in the paper. But now I see the need to refute Spitz's unwarranted conclusions.

So I found two people in Petersburg uniquely qualified to speak on this issue. One "was an EMT for five years" in the Petersburg ambulance crew and the other is currently a member of the Petersburg Fire Dept.

Their comments speak volumes why our ambulance situation (and many other rural ambulances in the area) is indeed broken. The main reason is the huge amount of training required, namely "150 – 190 hours" for an EMT and similar hours for a CFR. That is equivalent to a full semester academic undergraduate course

load! As a comparison, a Petersburg firefighter's training requires "1 – 86 hours" according to the fireman.

To continue with comparisons between our local fire and ambulance situation, I quote from the EMT's email: "The fire department does not have people 'on call.' When there is a fire, whoever is available goes. For the ambulance, you had to have people assigned to be on call—at least one driver and one EMT (preferably two). I was on call every third day, from 6 pm to 6 am. If my day was on the weekend, it was a full 24 hours. When I was on call, I could not go grocery shopping, I could not go for a walk (because I would be too far away from my car), I could not leave town. I used to race home from work to get back by my 6 pm time. When we

lost volunteers and I was on call every other day, I resigned."

"Each call was a minimum of three hours. That includes getting to the scene, transport to the hospital, and drive back. Then drive home. You are keyed up after a call, and if it is in the middle of the night, you are not going to get back to sleep right away. That made for a really miserable work day the following day. Sometimes I had to call in sick to my regular job if I was out longer than 3 hours."

Is it no wonder that rural towns cannot find qualified volunteers to staff their ambulances!

For solutions, the EMT suggests, "In this age of instant communication, I sort of envision Rensselaer County dispatch coordinating an ambulance crew. Let's say the call is texted to all EMTs and drivers in a 3-town radius. People respond to dispatch if they can go. Dispatch confirms a crew (3 is best) from the people who responded, then pick the closest ambulance. They could even send EMTs directly to the scene (assuming they have a bag in their car with basic supplies—I always did). Then the ambulance and driver gets there as soon as they can. Software could be developed to do this automatically; the fire department uses a software called 'am responding' that tracks most of this already. The fireman receives both a text and an email when there is a fire call. He is supposed to respond if he is going."

Petersburgh has had a long and distinguished history of volunteer help. But...would you ask that a volunteer be your doctor, your dentist, your lawyer... etc? And yet this broken system still relies on the antiquated notion that we can find enough unpaid ambulance volunteers to make the enormous sacrifices requiring such specialized, difficult and unique professional training demand, along with being on call with no respite.

Although no one can fault the wonderful dedication and sacrifice that our EMT volunteers provide, one asks how long this model can be sustained. Is there some way we can use paid professionals, at least for the daytime work hours, perhaps in coordination with nearby towns with a centralized dispatch center? Meanwhile...

What would our former Petersburg EMT advise for those needing an ambulance in an emergency during daytime work hours (when the problem of staffing is at its worst)? "I would advise people moving to the area to be prepared to transport their loved ones to the hospital themselves. Invest in an oxygen tank and an oxygen mask or nasal cannula. And lots of bandages. Call your neighbor for lifting assistance. Make sure they are breathing, stop the bleeding, and go!!"

The views and opinions expressed in this article do not necessarily reflect those of The Eastwick Press.

Milk Truck Rollover

Photo provided.

On Monday afternoon, September 19, a milk tanker rolled over along Route 346, causing the road to be shut down and traffic to be rerouted. Injuries are unknown as of the time of this writing, and the matter is under investigation. Fire crews from Petersburg, Pownal, and Hoosick responded to the scene.

Linda C. Evans

Hoosick Falls - Linda Child Evans, 81, of Norwich, died Sunday, September 11, 2022 at Valley View Manor Nursing and Rehabilitation Center. She is survived by two daughters and two sons-in-law, Kelly and Richard Salinas and Tracy Vaughan and Paul Verrasto; two sons, Joshua and Matthew Clintsman; four granddaughters and one grand son-in-law, Catherine Vaughan Barber and Christopher Barber, Sarah Vaughan, Sophie and Phoebe Salinas; and two sisters, Sally Child Chirlin and Gail Child Szenes.

Born on December 2, 1940, in Norwich, to J.R. "Dick" and Elizabeth "Betty" Child, Linda graduated from Norwich High School and Penn State University. After college she settled with her husband Peter Clintsman in Hoosick Falls, NY, where she taught English in the high school for over three decades. She was a dedicated and creative teacher whose commitment to students extended well beyond the classroom. During her tenure she advised multiple student groups each year, coached girls sports teams, and voluntarily tutored students in a variety of subjects. Linda is remembered fondly by students as someone who was always ready to assist and support them.

In 2005, Linda returned to Norwich to enjoy her retirement. An avid student of history, she used her newly freed-up time to write a book about an ancestor's experience as a soldier in the Union Army during the Civil War. She did extensive research over several years, traveling through three states to piece together the details of his service and death in the wilderness campaign in Virginia. A talented and vivid writer, she drafted an engrossing account of his struggle, but poor health prevented her from completing it.

A celebration of Linda's life will be held at a later date. Burial will be private at Mt. Hope Cemetery. Memorial contributions may be made to Brain Trauma Foundation, 228 Hamilton Ave., 3rd Floor, Palo Alto, CA 94301 (<http://www.braintrauma.org>). Funeral arrangements have been entrusted to the Wilson Funeral Home. To leave a message of condolence, please visit: www.wilsonfh.com.

Raymond F. Schaefer

Berlin - Raymond F. Schaefer, Jr., 69, of Ocala Fla, died peacefully at his home on September 1, 2022, after a long and courageous battle with Lewy Body Dementia and Parkinson's Disease.

Born in North Adams, MA on May 9, 1953, he was the son of the late Raymond F. and Evelyn Gardner Schaefer Sr. Raised in Berlin, NY, Ray was a 1972 graduate of Berlin Central School. He enlisted in the US Navy Seabees on September 13, 1972 and served 3 years of active duty. Following active duty, he served in the Naval Reserves for 20 years, retiring from the Navy on March 1, 1994. At the end of his active duty in the Navy, Ray began employment at the Watervliet Arsenal in Watervliet, NY, working in manufacturing arms and equipment for the US Army. His kids especially remember seeing pictures of the large cannons made there and knowing that their dad made them. While working at the arsenal, Ray continued his education in the Arsenal Apprenticeship Program, receiving a degree in Metallurgy from Hudson Valley Community College in Troy, NY. He retired from the arsenal after 40 years of hard work on September 3, 2015.

Ray was the beloved husband of Cindy Hanlon Schaefer, whom he married on September 23, 1978. Together they raised their four children in Stephentown, NY. He was an active member of the Stephentown Volunteer Fire Department for many years, a trustee at the First Baptist Church of Stephentown, and a longtime member of the American Legion Taconic Valley Post 937.

Upon his retirement in 2015, Ray and Cindy moved from Stephentown to Ocala, to help care for his in-laws during the last few years of their lives. He became a member of Trinity Baptist Church, and spent his retirement years being a loving husband and supportive son-in-law. He was often a quiet man, but was entirely devoted to his family and unquestioningly loyal and loving of them.

In addition to his wife Cindy of nearly 44 years, Ray is also survived by his four children: Rebecca (John) Eschler of Ocala; Jonathan (Nancy) Schaefer of Colonie, NY; Raymond Schaefer III of Ocala; and Andrew (Tara) Schaefer of Kalispell, MT. Also surviving are two grandchildren, Ethan and Kaitlyn Schaefer of Colonie, and grandson Oliver Schaefer, due in December 2022. He is also survived by his sisters Kathleen (Steve) Bowman and Nancy (Ray) Bowman, and his brother Donald (Colette) Schaefer, as well as by many nieces, nephews, and their families.

A celebration of life service will be held at his home church, the First Baptist Church, Main Street, Berlin, on October 1, 2022 at 1 pm. Friends and family are welcome to come and share their memories of Ray. His ashes will then be placed near his parents at the Berlin Community Cemetery in Berlin.

In lieu of flowers, the family requests donations be made to Trinity Baptist Church, Journey Project, at 1600 SE 58th Avenue, Ocala FL 34480, or to Hospice of Marion County at 3231 SW 34th Ave, Ocala FL, 34474, or to a charity of one's choice.

The family would especially like to thank Hospice of Marion County for the wonderful support and care given to Ray in the last few weeks of his life, as well as the many family and friends who have reached out and offered support, prayer, food, and love. We could not have finished this journey without your loving help.

Asters Abound

Native Asters are abundant with the coming of fall. Swamp Aster (*Symphyotrichum puniceum*) usually grows two to five feet high in moist areas. Its stem is often purplish, but not always. Photo in a Petersburg yard by Trix Niernberger.

Geo P. Takes a Train Trip

Monday, December 20, 1852: I rode up to Hancock village to the Union Store to the quarterly meeting of said store, and I called to old Mr. Whitman's and got the cash 37 cts for one and a half bushel turnips that I had left..

Tuesday: I rode down to Mr. Mooney's to see if I could hire a young Shaker that was there that had left the Shakers, but I did not see him for he had gone to Canaan. I called to the hog skinner Tanner to see when he meant to come and skin my hogs. I did not see him but his wife told me he meant to come tomorrow or the next day, and on the way home I met with a young Irishman by the name of Patrick, and fetched him home on trial at five dollars per month. Today Doctor Bates came to see John F. and he is better. I paid 25 cts cash to Mrs Lynch to wash.

Wednesday: This morning at 4 o'clock Geo P. went to Pittsfield with his horse and wagon and Wm. Chittenden went with him and drove back his horse, he had some business of his own. Geo P. went to Pittsfield to take the cars to go west on a visit to see his uncles and aunts and cousins. Today I stopped the celler door and fastened it for the winter. John F. is better but his cough is no better.

Thursday: This forenoon Mr. Tanner and John Hull with him skinned the hogs for me and said Tanner paid me three cts per pound for the skin, 69 pounds. This forenoon I walked up to Gardner Green's and engaged him and he came this afternoon to cut up my pork. I gave him half of a rib and I owe him one bushel turnips for helping cut up my pork. Today Patrick did chores and carried wood in the wood house. This afternoon Wm. Chittenden came and took Geo P. cutter and said he had orders from Geo P. to take it to Walker to Lebanon and have its braces mended and have the use of it to go to Chrystmas if sleighing, if not use it to New Years and then return it.

Saturday, Dec 25: I this forenoon rode to Lebanon with my one horse wagon. I called to Doctor Bates to get some medicine for John F. He continues better excepting his cough. I returned home and Alexander Ostrander rode with me home. Today Doctor Bates son came and got eleven pounds of butter at 25 cts per.
